Chartis Wins UNiBA Partner's Most Innovative Insurer Award

Chartis announced that it was named this year's most Innovative Insurer by UNiBA Partners, an independent broker network that provides international risk management, insurance and employee benefits solutions.

The award is based on a survey of UNiBA's broker network, which supports clients across 120 countries and represents a worldwide spectrum of experiences and business cultures.

"This award reflects our relentless pursuit of excellent service delivery and innovation in product development," commented Julio Portalatin, CEO and President of Chartis Europe SA, about the company's recognition. "Improving the customer experience and launching the right solutions for the right customers at the right time continue to be our primary objectives."

Chartis' ranking was determined by responses of brokers to two key questions: 1.) Is Chartis a forward-looking company? 2.) What is its attitude towards problem-solving? Brokers' overwhelmingly positive responses significantly distinguished Chartis from the competition.

Chartis and the runner-up outscored the third-highest ranking company by 100 percent, considerably outpacing the rest of the competition. Chartis also ranked a close second in the Client Focus and Best International Carrier categories, an indication, according to UNiBA, that Chartis is viewed favorably by its broker-members across the board.
