

## **LexPILOT® = Property, Income Loss & Ocean Transit**

Companies manufacturing, selling and distributing goods internationally are under constant pressure to manage their financial exposure to loss. More so than ever, Canadian & U.S. Manufacturers, Retailers, and Distributors are identifying new ways to reduce costs and preserve bottom line profitability, while also growing and diversifying their operations by participating in the emerging markets and the largest developing countries such as “BRIC” (Brazil, Russia, India, and China) as well as Eastern Europe, and Turkey.

In response, Chartis developed Lex**PILOT**®, one integrated “all risk” coverage form for property and marine cargo exposures. One application, one policy negotiation and one annual renewal results in a more efficient policy administration.

Designed for manufacturers, retailers, and distributors, coverage also gives insureds access to the superior loss control, claims and loss management expertise of Chartis worldwide.

This LexCast will address:

- What are the primary advantages of the integrated Lex**PILOT** policy form?
- How is a Lex**PILOT** policy form different from a traditional “stock throughput” policy form?
- Who needs Lex**PILOT**?
- What types of services are available to help policyholders manage risk?

### **Presenters:**

George Stratts  
President and CEO  
Chartis Global Marine and Energy

Michael Bodman  
Assistant Vice President and Marine Manager  
Lexington Insurance

Chartis is the marketing name for the worldwide property-casualty and general insurance operations of Chartis Inc. For additional information, please visit our website at [www.chartisinsurance.com](http://www.chartisinsurance.com). All products are written by insurance company subsidiaries or affiliates of Chartis Inc. Coverage may not be available in all jurisdictions and is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Certain coverage may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
