An Integrated Approach

With Global Marine and Energy's primary casualty underwriters working hand-in-hand together, we are able to create efficient, comprehensive coverage for small and middle market highly specialized and complex industrial risk operations, minimizing coverage gaps and overlaps. The integrated structure of this unit provides efficiency to our clients and allows prompt review of applications and fast response turnaround.

Small business and middle market enterprises can now benefit from the extensive energy risk management expertise that Global Marine and Energy has brought to the largest, most complex energy risks for decades.

Global Marine and Energy is a division of Chartis.

Chartis is a world leading property-casualty and general insurance organization serving more than 40 million clients in over 160 countries and jurisdictions. With a 90-year history, one of the industry's most extensive ranges of products and services, deep claims expertise and excellent financial strength, Chartis enables its commercial and personal insurance clients alike to manage virtually any risk with confidence.

Chartis is the marketing name for the worldwide property-casualty and general insurance operations of Chartis Inc. For additional information, please visit our website at www.chartisinsurance.com.

All products are written by insurance company subsidiaries or affiliates of Chartis Inc. Coverage may not be available in all jurisdictions and is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Certain coverage may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.

Any product or insurance description in this document is for information purposes only and should not be relied upon to justify coverage in any situation. The product may vary from country to country and may not always be available in every country. Scope and terms are subject to the terms & conditions of the policy which are available on request. Nothing in this document constitutes legal advice. Please consult your legal adviser if you wish to receive advice on any of the matters herein.
