

Excess Workers' Compensation

Public Entities

Serving the Needs of Public Entities

Public Entities are faced with significant exposures and require a carrier with the expertise and resources to control their risks. With more than 30 years as one of the largest providers of Excess Workers' Compensation and Employers' Liability, we understand the needs of Public Entities and have developed comprehensive loss control services that combine the extensive knowledge and resources of our internal staff with the expertise of national consulting groups specializing in public entity, fire and police, maintenance and public safety. Through our strategic partnership, the Excess Workers' Compensation division can deliver industry-specific loss control services that assist clients in successfully managing public and workplace safety, regulatory compliance and related risks.

Public Entity Industry-Specific Resources

The Excess Workers' Compensation Global Loss Prevention staff is experienced in managing the traditional risks for public entities. Historically, we have assisted public entities with workplace safety training, including physical & chemical hazards, life safety, health issues and more. Events affecting Public Entities across the nation highlight the need for a progressive, all encompassing loss control plan that addresses more than traditional risks. Areas that government leadership must address in their planning and organization include:

- Police and Fire Organization & Structure
- Program Documentation & Resources
- Emergency Planning & Preparation
- Communication & Response Systems
- Staff Training/Awareness
- Physical & Technological Infrastructure
- Internal Resources Capabilities
- External Resources & Response

Our strategic partnership with recognized public entity industry specialists allow us to introduce our clients to the services of a team of professionals that can offer guidance on public entity and emergency preparedness/planning programs. We also offer risk assessment options that provide an excellent opportunity to initiate or benchmark your entity's emergency and crisis planning.

Providing Business Solutions

Excess Workers' Compensation's excellence is rooted in the belief that a quality insurance program entails more than just sound underwriting; it requires customer-driven service. The dedicated loss control specialists from Global Loss Prevention will focus on our clients' businesses to understand their needs. By partnering with them to help identify, analyze and control risks, the Excess Workers' Compensation team provides cost-effective business solutions that fit our clients' specific needs. We will also supplement our loss control program with materials and resources that can assist you in identifying and controlling risks, as well as the resultant losses.

Chartis is a world leading property-casualty and general insurance organization serving more than 45 million clients in over 160 countries and jurisdictions. With a 90-year history, one of the industry's most extensive ranges of products and services, deep claims expertise and excellent financial strength, Chartis enables its commercial and personal insurance clients alike to manage virtually any risk with confidence.

Chartis is the marketing name for the worldwide property-casualty and general insurance operations of Chartis Inc. For additional information, please visit our website at www.chartisinsurance.com.

All products are written by insurance company subsidiaries or affiliates of Chartis Inc. Coverage may not be available in all jurisdictions and is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Certain coverage may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
