

International Non-Profit Risk Solutions

Many U.S. and Canadian non-profit organizations perform missions, attend conferences, travel abroad or own locations overseas. While overseas, members of these organizations are vulnerable to risks typically not covered under a domestic insurance policy, leaving a gap in coverage for employees, volunteers and property.

The WorldRisk Foreign Commercial Package provided by WorldSource, a division of Chartis, can provide these organizations flexible coverage solutions to bridge this coverage gap. Clients can choose up to nine different coverage options plus a host of value-added coverage enhancements to protect the breadth of their foreign exposure.

Coverage

Organizations can choose up to nine of the following foreign coverage options for a minimum premium of \$2,500:
