

Transportation

From airlines and mass transit to some of the nation’s largest trucking companies, the Transportation division offers innovative insurance programs designed for a full spectrum of Transportation risks. Rare among insurance providers, our team of veteran underwriters focus solely on the Transportation industry and can create customized solutions to address standard and specialized insurance needs. Chartis works with clients to design programs that avoid gaps and duplication of coverages, minimize potential sources of loss, and limit claims exposures.

Flexible Program Structures

- Guaranteed Cost
- Deductibles
- Self-Insured Retentions / Qualified Self-Insureds
- Retrospective Plans
- Swing Plans
- Fronts
- Captives

Loss Control Services

Chartis offers Transportation clients the extensive loss control expertise and integrated services of our Global Loss Prevention team. With an average of more than 15 years of experience, our transportation-focused safety experts deliver specialized loss control programs, including comprehensive risk assessments, best practice assessments and consulting services in safety, fraud prevention, employment practices and training.

- **RiskTool System.** A complimentary, web-based loss control solution that provides an easy-to-use platform for managing exposures and accessing industry-specific risk management tools. RiskTool features a Transportation Management Risk Guide with ready-to-use training bundles, government safety briefs and a Vehicle Management Database to help keep your fleet in good working order.

Claims Management

From simple to complex claims, our clients benefit from Chartis' unparalleled in-house claims operation, with transportation-focused claims professionals that provide fast and responsive claim resolution.

- A toll-free hotline allows you to report a claim 24 hours a day, 7 days a week. Each claim is assigned a dedicated transportation claims specialist that becomes a single point of contact throughout the claims process.
- **IntelliRisk[®]**. A web-based claims management system that provides accurate, real-time access to your claims data. Designed to help facilitate every step of the claim process, IntelliRisk allows you to report a claim, find nearby care, review claim details, generate management reports or communicate with claim specialists, brokers and underwriters.
- **Unbundled Services**. Whether you select our in-house claims department or an approved third-party administrator to handle your claims, our programs enable you to customize the solutions and services you need.

Chartis is a world leading property-casualty and general insurance organization serving more than 45 million clients in over 160 countries and jurisdictions. With a 90-year history, one of the industry's most extensive ranges of products and services, deep claims expertise and excellent financial strength, Chartis enables its commercial and personal insurance clients alike to manage virtually any risk with confidence.

Chartis is the marketing name for the worldwide property-casualty and general insurance operations of Chartis Inc. For additional information, please visit our website at www.chartisinsurance.com.

All products are written by insurance company subsidiaries or affiliates of Chartis Inc. Coverage may not be available in all jurisdictions and is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Certain coverage may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
